Dear Students,

Shree Sai Nursing Training School - A well equipped Nursing school, is flourishing cauldron of excellence. In this era of specialization especially technical education, it has become imperative to have theoretical knowledge as well as practical knowledge. No any organization is ready to invest time to train a simple graduate and make him suitable for a job. The onus is on the student to enhance his employability. Everybody loves the glamour of the corporate world, but only a few are aware of the challenges. Our curricular are designed not only to bring the student face to face with these challenges, but also to overcome them. There was a time when a college pass out drew a lot of attention. But, being a graduate is no longer sufficient, now you need Technical knowledge and skills to make the cut.

The main motive to Establishment of Shree Sai Nursing Training School. The mother organization & the institute is the Human Resource development welfare society Ranchi (Jharkhand) is to develop well quality education in remote areas by which eradication illiteracy and people get employment. Establishment of Shree Sai Nursing Training School in Ranchi (Capital of Jharkhand), such a challenging task because student after completing secondary education moves towards the megacity for getting higher education in this scenarios by establishing Shree Sai Nursing Training School only one goal which is to provide all types of support like well experts faculties, fully Wi-Fi, Hi-Tech campus, time to time arrangement of seminar/ Medical Camp / extra activity / Symposium, well equipped Labs, Computer Labs with LCD monitor, 24 hrs generator facility, accommodation for boys and girls separately etc.

At Shree Sai Nursing Training School, we help students develop these skills and make them successful in corporate world. Then, we take the extra step - we assess the students' capability and place them accordingly. Our huge client database enables us to offer the right placement for the right student.
